Lucas Rojas

Frontend Developer

HERE'S MY STORY:

Hey! I'm Lucas and I am a software developer since 2017. I am interested in making the world a better place with sustainability projects, robotics, IoT and software. So far, I worked with ReactJs, Redux, NextJS and Web3. Also, I have experience with NodeJs, .Net, VueJS, Docker, MongoDB, Bash, AWS, among others.
Besides that, I am a self-taught person who likes to know how things are made and how it works.

WORK EXPERIENCE

Front-End Developer

GLOBANT | SEPT 2020 - PRESENT

- **Stock Values App**
  - Develop new features based on the requirements
  - Optimize user interface
  - Talk with managers from other teams to align the development
  - Unit testing
  - **Tech stack: ReactJs, MaterialUI, Jira, Agile, BitBucket, TypeScript, Jest, AgGrid**

- @lucaasrojas

CURRENT POSITION SKILLS

- ReactJs
- Redux
- TypeScript
- RxJs
- CSS/SCSS
- JavaScript
- Jest

KNOWLEDGE

Front-end: VueJs, GatsbyJs
Back-end: NodeJs, Java, Python, .NET
Cloud: AWS, Azure
Database: SQL, MongoDB, Firebase, DynamoDB, Redis
Others: Git, Docker, Bash, PWA, Jest, Enzyme

Full Stack Engineer

- **Job Posting site**
  - The site is hosted in an S3 bucket using the AWS CodeBuild service to fetch the code from GitHub and build it.
  - We create a script that creates and connects the AWS services using AWS' SDK and Bash
  - **Tech stack: ReactJs- NodeJs - SCSS - AWS**
- **Contribution to Windows Community Toolkit**
  - Elaboration and upgrading of UWP controls using .NET, JavaScript and MVC together with the community. Also, we attended to issues and review pull requests from them
- **Streaming application Maintenance**
  - Maintaining of a streaming system that use AWS services like Lambdas, CloudFormation and APIGateway.
  - **Tech stack: AWS, NodeJs, JS**
- **Other technologies: VueJs, SCSS, GatsbyJS, TypeScript. MVC, Docker, Redis.**

Full Stack Engineer

- Develop and maintenance of inventory management web app with document scanning using OCR and users/roles CRUD.
- **Tech stack: .NET, SQL, JavaScript, HTML, CSS, JQuery, MVC**

EDUCATIONAL INFO

Universidad Argentina de la Empresa

BACHELOR'S DEGREE IN INFORMATION TECHNOLOGY MANAGEMENT | APR 2019 - PRESENT

- Study of communication through antennas, optic fiber and data transfer calculation
- Computer architecture, propositional logic and operative system basics
- Python - Leadership and business administration basics

Escuela de Enseñanza Técnica N 1 Manuel Belgrano

COMPUTER TECHNICIAN HIGH SCHOOL DIPLOMA | FEB 2006 - DEC 2011

- Study of programming basics such as HTML, CSS, QBasic, Visual Basic 6
- Use of design software (Dreamweaver, CorelDraw)
